

# Energy

**We provide coverage and service for a client base involved in the upstream oil and gas segment. The portfolio entertains risks on a global basis covering all sectors within the chain. To support the portfolio, a highly experienced team are engaged to provide strong levels of service.**

The core business is written on a quota share facultative basis with the ability to offer both risk and catastrophe coverage in the desired regions. Furthermore, with a global drive to reduce carbon emissions we strive to work with companies who are utilising improved technology and procedures to produce affordable, reliable and cleaner energy to support the social and economic goals.

The team have long and valued client and broker relationships that combined with their risk approach provide the most suitable product available. Our portfolio ranges from independent companies through to the fully integrated international firms.
